

Indeavour Experience

...Reach back in time....it's 1610 – and you are working side by side with John Guy, as he builds the “Indeavour”, a 34-ft. vessel, used on his historic voyage from Cupids to Trinity Bay....

Experiential Learning Package

From June 15th to September 10th, 2010, come spend a day or two working along our Exhibit Builder, as he brings to life the skills & tools of the 17th century. Help erect the keel, stem, counter and main frames of this full sized exhibit. Leave your mark in history by etching your initials on the keel – then relive the thrill for years to come as you life the lid of your unique cedar box filled with wood shavings taken from the experience.....
